

Bell push button 10A 250V~. Quick connection.

Bell push button 10A 250V~. Quick connection.White colour. Without frame.  
Quick connection.  
Common applications: Indoor domestic / tertiary environment (Interior of home, offices, shops, etc.)

Features

|                        |                  |
|------------------------|------------------|
| Mechanism type         | Bell push button |
| Type of installation   | Flush            |
| Rated current          | 10A              |
| Nominal voltage        | 250V~ (50/60 Hz) |
| Connection type        | Fast connection  |
| Flexible cable section | Up to 2.5 mm²    |
| Rigid cable section    | Up to 2.5 mm²    |
| Type of operation      | Rocker key       |
| With fixing claws      | Yes              |
| Key color              | White            |

Technical data

|                                 |          |
|---------------------------------|----------|
| Protection Degree (IP)          | IP40     |
| Fire resistance (GWT)           | 850°C    |
| Heat resistance (Ball pressure) | 70/125°C |
| Free of halogens                | Yes      |

Regulations

|            |     |
|------------|-----|
| CE marking | Yes |
| UK marking | Yes |

|                                                                     |                |
|---------------------------------------------------------------------|----------------|
| CMim marking                                                        | Yes            |
| According to Regulations UNE/EN                                     | UNE-EN 60669-1 |
| According to REBT                                                   | Yes            |
| TÜV Rheinland certificate                                           | Yes            |
| According to European Directive 2014/35 / EU. Low voltage directive | Yes            |

Sustainability

|                                                    |                                  |
|----------------------------------------------------|----------------------------------|
| According to European Directive 2011/65/UE (RoHS)  | Yes (Complies with UNE EN 50581) |
| According to European Directive 2012/19/UE (RAEE2) | Yes                              |
