

Stair pilot.

Stair pilot.Flush. With white frame. Screw connection.  
Common applications: Indoor domestic / tertiary environment (Interior of home, offices, shops, etc.)

Features

|                                |                  |
|--------------------------------|------------------|
| Mechanism type                 | Ladder pilot     |
| Type of installation           | Flush            |
| Pilot light                    | Yes              |
| Nominal voltage                | 250V~ (50/60 Hz) |
| Power                          | 2 W              |
| Dimensions                     | 83 x 81          |
| Monobloc (with frame included) | Yes              |
| Key color                      | White            |
| Frame color                    | White            |

Technical data

|                                 |          |
|---------------------------------|----------|
| Protection Degree (IP)          | IP40     |
| Fire resistance (GWT)           | 850°C    |
| Heat resistance (Ball pressure) | 70/125°C |
| Free of halogens                | Yes      |

Regulations

|                                 |                |
|---------------------------------|----------------|
| CE marking                      | Yes            |
| UK marking                      | Yes            |
| CMim marking                    | Yes            |
| According to Regulations UNE/EN | UNE-EN 60669-1 |

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| According to REBT                                                   | Yes |
| According to European Directive 2014/35 / EU. Low voltage directive | Yes |

Sustainability

|                                                    |                                  |
|----------------------------------------------------|----------------------------------|
| According to European Directive 2011/65/UE (RoHS)  | Yes (Complies with UNE EN 50581) |
| According to European Directive 2012/19/UE (RAEE2) | Yes                              |
